- Top rated teachers.

Being a part of the French Immersion Summer Program at l'Université de Moncton expanded my knowledge of the French language faster than I thought possible. I learned more French in a few weeks than I learned from years of high school French classes. Not only were we immersed in the language, but also in the culture of east coast Francophones, making it a well-rounded and memorable experience. I would recommend this program to anyone wanting to learn French for academic purposes, travel, or pure interest, and l'Université de Moncton is the place to go!
