Amplifying Youth Voices in a Global Pandemic: Digital Youth Engagement with U-Report Canada

U-Report is a digital polling platform for young people aged 13-24 to have a say in issues and decisions that are important to them. This presentation will offer a review of key findings about young people's experiences of the COVID-19 pandemic and the implications for their rights, lessons and successes in meaningfully engaging young people through a digital platform, and an interactive demonstration of the U-Report polling experience.
