A MORE HUMAN APPROACH

Report to the Community 2019-2020

MESSAGE FROM THE INTERIM PRESIDENT AND VICE-CHANCELLOR

The year 2019–2020 was one of major challenge and change. We found ourselves facing the unknown without warning, but through our resilience, we responded promptly to the COVID-19 pandemic by quickly adapting our courses and services to the needs of our university community.

We continue to strive to support our students' academic efforts, enrich their experiences on and off our three campuses and encourage them to take active part in university life.

During this time of uncertainty, the Université de Moncton has focused more than ever on its people, and together, we have tackled the recent situation head on.

We should be proud of ourselves!

Jacques Paul Couturier, Ph.D.

Record philanthropic support!

Mission accomplished! The *Evolution* Fundraising Campaign raised \$58.1 million, far exceeding its original objective of \$50 million! This was a collective achievement unprecedented in the history of the Université de Moncton. The donations received will position our university to aim for new levels of success as we allocate \$36.7 million to enriching the student experience and \$21.4 million to enhancing excellence in research and innovation.

Donor Recognitions Circles

First Nations flags raised

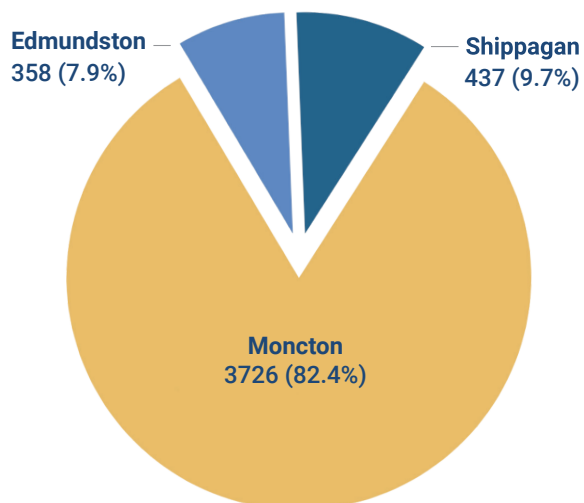

The Université de Moncton showed a gesture of solidarity by permanently raising the flag of the Madawaska Maliseet First Nation (Wolastoqiyik Nation) at its Edmundston campus and the Mi'gmaq flag at its Moncton and Shippagan campuses.

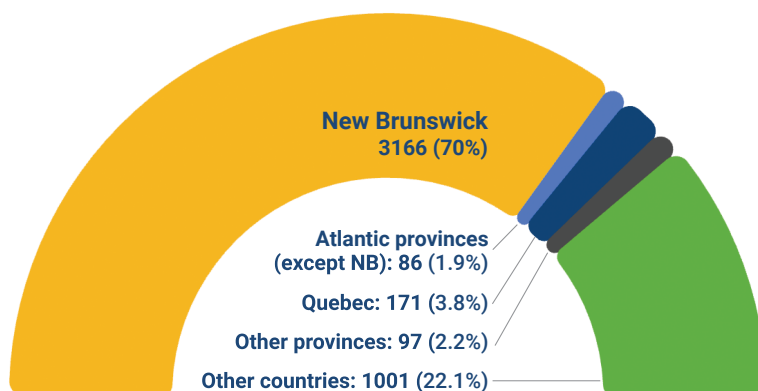

New president and vice-chancellor

Dr. Denis Prud'homme was appointed president and vice-chancellor for a five-year term effective July 1, 2020. Previously associate vice-president of research and scientific director at the Institut du Savoir Montfort, Dr. Prud'homme has more than 30 years' experience in the academic setting. He holds a doctorate of medicine, a certificate in family medicine and a master's degree in physical activity science.
