

Parental Discharge Explore French Immersion Summer Program

Dear parent, guardian :

As you are well aware, your daughter or son will take part in our French Immersion Summer Program, which will be held on the campus of the Université de Moncton from July 3 to August 5, 2016. **The present consent form is to be signed by the parent(s)/guardian(s) of all participants less than 19 years old (minors in New-Brunswick).**

The Program is comprised of courses, workshops, and sociocultural activities (plays, sporting events, outings, conferences, etc.) which are mandatory for all participants. Our staff monitors are present with the students during these events.

There are also periods during the week and weekends when students are entirely free. We wish to advise you that, during those periods of time, students will not be supervised and are free to leave the University campus. They must, however return to the residence to sleep and be present and on time in class in class and for the programmed activities.

The rules of the Program do not permit the consumption of alcoholic beverages at any time during the Program, on campus or in the residence or off campus. All relevant laws must be adhered to by underage participants during those unsupervised periods of time during which they will be free to engage in activities unrelated to the Program. Despite the absence of supervision during these periods of time, our staff will immediately advise any parent whose child commits an offense should it become aware of that occurrence. Expulsion from the Program may ensue.

The safety of all participants is of prime concern to all those responsible for the Program. However, given the parameters of the Program, the possibility of injury cannot be entirely eliminated. The Université de Moncton, therefore, declines any responsibility for damages or injuries sustained by any participants during the course of the Program.

For the above-given reasons, we would ask that you sign the consent form attached below. In so signing, you assume the full responsibility of your daughter's or son's participation in our Program and release the Université de Moncton of that same responsibility.

We thank you for your cooperation.

Dany Benoit, Director of Academic Development
