TESTIMONIALS

.....

"The Immersion Program at the Université de Moncton was the best learning experience I had. Before coming for the 5 weeks, I did not know the difference between *de*, *de la*, *des* and *du*. I left feeling confident enough to have basic conversations in French and started to have a feel for the language! On top of learning French from an amazing professor and mentors, my experience was unforgettable because of the friends that I made. I came into the program expecting to learn French but I never expected to make lifelong friendships."

.....

"The French immersion program at the University of Moncton was a blast! I was able to make new friends all around Canada and learn about the Acadian culture! The Explore program is not your typical in-class French learning and I was able to learn new terms beyond the classroom. This program is a great way for you to integrate yourself in a French culture and immerse yourself in their lifestyle. I will definitely do this program again and tell others about it 100%!"

In the middle is a young woman with long dark hair and sunglasses on her head, wearing a light-colored floral top. On the right is a young man with a beard and glasses, wearing a blue shirt. They are all looking towards the camera.

* DEPENDING ON
THE PROGRAMS

This program is designed specifically for students and adults who want to improve their listening, speaking, reading and writing skills through the use of French and Acadian literature and discussions on current topics of interest. L'Université de Moncton has been offering programs in French as a second language to various age groups across North America for well over 35 years.

WHAT TO EXPECT?

This program focuses on developing language skills at the beginner, intermediate and advanced levels. More complex grammar and vocabulary are introduced at each level. Oral communication plays a vital role in the classroom, during workshops and in sociocultural activities. The classroom setting will provide you with ample opportunity to interact and share opinions on various topics.
